The only AK helmet manufacturer in China.

Short Description

This helmet is a result of the collaboration between our factory and our clients who have specific end-user needs. We provide our customers with distances of 100 meters, 50 meters, and 15 meters protective options depending on their specific needs.

Our helmet is designed to provide high defense levels and can resist AK soft steel-core bullets. We are currently working on a new product that can withstand steel-core bullets, which will be launched in 2023, providing our customers with even greater protection.

To ensure maximum protection, our LA-P-AK ballistic helmets offer a large protective zone for reliable coverage around your head. Additionally, it can be equipped with rails for carrying communications equipment and other tactical accessories, making it ideal for a variety of tactical operations.
