Short Description

The MICH 2000 helmet is a revolutionary helmet style trusted by military, police and SWAT agencies around the world. This helmet offers a large area of protection that is effective against gun threats and debris, making it one of the most reliable helmets in the world.

The helmet is made of PE/UHMWPE material, a synthetic material known for its light weight, resistant to ultraviolet rays, which can be used in harsh environments with a long service life.

In addition, the MICH 2000 helmet could be equipped with a range of advanced features, including NVG mounts and communication equipment, making it the perfect helmet for tactical operations.
