

PASGT FOR AK -(PE)

Short Description:

“The only AK 100M/50M/15M helmet manufacturer in China”

The helmet is made of UHMWPE material, which is light in weight, flexible and comfortable to wear, waterproof, resistant to ultraviolet rays, can be used in harsh environments, heat-resistant and not easily deformed.

LA-P-AK ballistic helmet can be used to protect against ammunition and fragments. It has large protection area and can be equipped with rails, carrying communication equipment and other accessories to carry more tactical equipment.

This helmet is available in a variety of sizes to suit users of different head circumference.

For example: military, police, SWAT agencies, national security agencies, border and customs protection or other agencies can be equipped to provide the most comprehensive protection from gun threats.

Bulletproof level: can resist AK47 LEAD bullets [7.62mm lead core bullet]
